A Comparison.

A News representative made a flying trip through Hardin and Glasgow counties, and does not hesitate to say that he did not find a better town than Cloverport.

The comparison can be justly made as follows: Elizabethtown is a city of family carriages, well-dressed and good-looking people, politicians and light lingers. There are plenty of good business houses, but they don't seem to be doing a rushing business. In fact the whole town seems to be a little slower than it should be, with its population and surrounding good country.

Litchfield is a city of nice homes, flowers and candy bricks, a good hotel and some politicians too. Business seems to be on a drag, though there are some good stores. It is the opinion of the News that they are not advertising.

Cecilia is a village of manner boarders and a place where travelers start about impatiently and "c'm'd" waiting for a train to get away.

West Point is "c'm'd" several years ago, and dog fence and jimmie weeds are blooming over its grave.

Cloverport is a city with streets crowded with heavily loaded teams, large manufacturing establishments, big hotels and large filled with merchandise and managed by bustling business men. The music of the saw and the hammer rises above the whir of the carriage and the songs of the birds, though we have them in an abundance too. The black smoke rolls from the throats of numerous saws, while the screams of steam whistles and the hum of machinery combine to float upon the air.

This comparison is not over drawn, and is just as it will appear to a stranger visiting these towns. Little doubt, if he keeps perfectly sober, and reads as he goes, and he'll have to keep sober in Elizabethtown and Litchfield or drink the nearest liquor that a man ever attempted to conceal with himself.

TAR FORK.

Rev. Dr. W. O. Camp, of Dickelville, Ind., is visiting his son-in-law, Rev. C. W. Stone.

Mr. and Mrs. W. W. McClary, of Whitesville, are visiting their daughter, Mrs. T. H. Bates.

Mr. Geo. Phillips' little child, who has been quite ill for two weeks with flux, is convalescing.

Mr. Joe Keenan, who recently returned from Bremen College, will not tarry with us long. He contemplates traveling.

OUR FIRST GUN.

We "shoot off" to-day for the first time about reduced prices. Since taking inventory of stock, as is our custom this season of the year, we find ourselves with three goods on our hands than we care to have. Other houses have been advertising reductions every day for a month past, and reductions, however, only existing on paper. When we advertise such an event it means something more than newspaper talk. Our prices beginning to-day, will be "shaded" considerably. Parties who have been holding off for our usual "stock-taking" reductions will now please come forward and make their selections.
